**malibu**  
a company of carthago

# THE BRAND WITH REAL ADDED VALUE

The first Malibu models which Carthago founder Karl-Heinz Schuler built in 1979 were already of the highest quality standard. This heritage is just as noticeable today in our A-Class and coachbuilt motorhomes as our decades of experience in the premium segment. Looking for something special? If so, a Malibu motorhome from the extra class is just the right thing!

The first impression that you get becomes increasingly clear the closer you look: so many well thought-out details, so much more of everything that makes travelling relaxing. Such as the double floor with the huge storage compartment that is unique in this class, the elaborate bodywork with elegant roof / side wall rounding or the high quality furniture construction with double connection technology.

We invest more know-how, time and effort than others in order to offer you more value. More functionality, more comfort, more storage space, and more feeling of well-being. The GENERATION M of Malibu motorhomes is setting more standards than ever in the upper class – always with the claim of being the best motorhomes in their class, in order to give you the best holiday moments of your life.

# A UNIQUE SUCCESS STORY

## 2013

Inauguration of Carthago City in Aulendorf, southern Germany, with a large showroom.

## 2018

Three new models complete our range of motorhomes: the single bed model I 441 LE, just 6.65 m in length, and the super-comfortable I/T 490 LE and I/T 500 QB models.

## 2022

The Malibu motorhomes are gathering momentum, and won the European Innovation Award in the “Overall Concept” category. The international service and dealer network is also being extended to around 100 dealers in Europe.

## 2015

Exclusive presentation at the Caravan Salon Düsseldorf: the new A-Class and coachbuilt Malibu motorhomes were impressive! Voted New Product of the Year by AutoBild Reisemobil magazine.

## 2021

Launch of MALIBU GENERATION M. All Malibu motorhomes now stand out with a new look, and impress both inside and out. State of the art top class technology, wood-free main body construction, thermal bridge free roof/wall connection thanks to frame members glued over their entire surface, combined with a fresh design and high quality furniture construction.

# MORE MOTORHOME. MORE VALUE.

Top class bodywork with elegant roof / side wall connection

Best driver's cabin visibility concept (I)

Most storage space in its class

High quality furniture construction with double connecting technology

# IMPRESSIVE MALIBU QUALITY!

“That was impressive. Malibu has proven itself to be a comfortable and quality year-round motorhome. Its concept is well thought-out and designed to be extremely user-friendly.”

AutoBild Reisemobil, 05/2022 | Endurance Test: Malibu T 430 LE

“The Malibu I 441 LE appealed to the editors right from the start with its fresh styling, the successful room partitioning and the handy driving characteristics thanks to the short wheelbase. The new Fiat Ducato with the quiet engine and the rattle-free furniture construction make you look forward to long journeys in the A-Class motorhome.”

Reisemobil International, 04/2022 | Endurance Test: Malibu I 441 LE

“Luxury reinterpreted: uncompromising comfort – that is what Malibu vehicles are known for. The compact I 441 LE provides a great deal of living space, impressive workmanship and brilliant detail solutions - and is still compact enough for casual cruising along idyllic country roads.”

AutoBild Reisemobil, 03/2022 | Test: Malibu I 441 LE

“The coachbuilt vehicle impresses on the home straights with comfortable beds and a spacious room concept. [...] Sometimes everything is simply just wonderful. Wonderfully comfortable, wonderfully designed, wonderfully cosy.”

AutoBild Reisemobil, 10/2021 |  
Endurance Test: Malibu T 430 LE

“They have come up with something special for the washroom. The entire front wall is designed as a door which can be closed across the aisle, creating a private changing area.”

promobil, 09/2020 | Supercheck: Malibu I 441 LE

“The Malibu I 490 LE is an absolutely top-of-the-line vehicle. [...] Everything is well thought-out and perfectly implemented. The vehicle is ideal for a holiday with four persons.”

**3.5t**

# MALIBU COMPACT CLASS

The compact class of Malibu motorhomes includes both coachbuilt and A-Class models. A common feature is the length of less than seven metres and the possibility of registration with a gross weight of 3.5 t. This means good handling while driving, and a motorhome which can be driven with a class B driver's licence. In spite of this, the compact class provides all of the distinctive characteristics of Malibu GENERATION M, and therefore complete motorhome comfort. There's no doubt about it: Malibu – compact is class!

## Malibu compact class:

- One coachbuilt and two A-Class vehicles ranging from 6.67 to 6.95 m in length
- Compact models suitable for 3.5 t certification
- Layouts with lengthways single beds
- Vario swivelling washroom or combined washroom
- Drop-down bed as standard in the A-Class models
- All of the technical and comfort characteristics of Malibu GENERATION M
- Increase to 4.25 t permissible gross weight (optional)

**Compact class with short vehicle lengths, also practical within the 3.5 t weight class**

Malibu I 441 LE

Malibu I/T 430 LE

# MALIBU COMFORT PLUS CLASS

Would you like a little more? More space, more equipment, more comfort – and all of this in an attractive body with enduring quality? If so, the answer is: Malibu Comfort Plus class. Nothing is left to be desired in the three coachbuilt and three A-Class motorhomes. They are up to a half metre longer than the biggest models in the Malibu compact class. Extra space which makes a difference when 3.5 t certification is not decisive, and comfort is more important than weight. In a nutshell: Malibu Comfort Plus class – if you want a little bit more.

## Malibu Comfort Plus class:

- Three coachbuilt and A-Class vehicles from 7.20 to 7.50 m length
- Comfort Plus models outside the 3.5 t weight class
- Layouts with lengthways single beds or queen-size bed
- Combined washroom or comfort luxury washroom
- Drop-down bed as standard for the A-Class, optional for the coachbuilt
- All of the technical and comfort characteristics of Malibu GENERATION M

## Comfort Plus class, maximum comfort outside the 3.5 t weight class

Malibu I/T 460 LE

Malibu I/T 490 LE

Malibu I/T 500 QB
