THE PREMIUM VAN FROM MALIBU

Do you want more? More travel comfort, more quality, more sophistication? If so, the Malibu van is your perfect holiday companion. It combines the handy dimensions of a van with the comfort of a large motorhome.

There are many vans, but only one Malibu van. It is the van full of ideas. Be it in the concept or the detail – the experience of more than 40 years of motorhome construction and the ingenuity of its developers can be found in every Malibu van. The product of many years of work. You can feel it on every day of your holiday. For example, in the unique living and sleeping comfort, the unbelievably large and functional storage space which has been worked out to the last detail, in the elaborate and comprehensive main body insulation for travelling 365 days of the year and in the extremely stable furniture construction with long-term quality. The carefully selected materials and high quality craftsmanship are the basis of an exceptionally exclusive design.

This all results in a clearly formulated premium claim: Malibu Van means “best van in class”.

A UNIQUE SUCCESS STORY

1979

“We can do better than that” thought Karl-Heinz Schuler after seeing a camper van. No sooner said than done: on 1st July 1979, he established his own Carthago motorhome brand.

1991

When the change to the VW T4 took place, different wheelbases and layouts were added, and there was even an initial version with a washroom.

2019 & 2020

The Malibu Van won the promobil “Camper vans with washrooms” reader vote. The top favourite is the Malibu Van Charming GT skyview, which gives you a completely new feeling of spaciousness and ride comfort.

2022

The Malibu Van family continues to grow. The new Malibu Van diversity is more diverse than ever, and is the perfect complement for the product range.

1985

Carthago starts its rapid growth by specialising in VW bus conversions. Solid design, practical and inventive interior, individual special features. Even back then, this was already the successful concept.

2013

The Malibu Van is back! The modern interpretation of the feel-good camper van is quickly becoming a favourite among motorhome enthusiasts. The inauguration of Carthago City also took place in Aulendorf in southern Germany with a large showroom.

2021

Two new models presented! The innovative Malibu Van first class – two rooms with the two-room concept and generous feeling of spaciousness and the family-for-4 models with the unique hybrid pop-up roof and four fully-fledged sleeping berths. The Malibu Van family-for-4 wins the European Innovation Award in the “Overall Van Concept” category.
